What is one of the first things you notice about someone in a picture?

Their smile. If they show little of their teeth they are perceived as shy; if they show a lot of their teeth they are perceived as confident and happy. Are you holding back in your smile because of the way your teeth look? In addition to fillings, crowns, and veneers, we are proud to offer our Free Whitening for Life Program, to all comprehensive care patients. It's another way we like to promote good oral health habits and happy smiles.

Studio G Aesthetic & Family Dentistry

104 N. Elliott Rd., #C
Suite C
Chapel Hill, NC 27514
919-942-7163

Porcelain veneers are thin shells of ceramic that bond directly to the front and top surfaces of the teeth. They are an ideal choice for improving your smile and have become increasingly popular due to their simplicity and versatility. With veneers as an alternative, there is no reason to put up with gaps between your teeth, teeth that are stained, badly shaped or crooked. A veneer placed on top of your teeth can correct these maladies, simply and quickly, to help you achieve a beautiful smile.

Southern Village Pediatric Dentistry Dr. Annelise Hardin, DDS, MS, PA

410 Market St., Suite 430
Chapel Hill, NC 27516
919-967-2773

Help your child "Grow a Healthy Smile" they will be proud of for life. Regular

dental visits improve a child's smile and confidence for years. Our office offers preventative and restorative treatments for infants, children, adolescents and those with special needs. For older children with concerns on white spots following orthodontic treatment, we are pleased to offer a new product called Icon. Icon provides a fast and easy cosmetic treatment. The affected tooth is gently prepared with a gel and is then covered with Icon, restoring the natural look of the tooth.

Bilal Saib, DDS

400 Market St., Suite 220
Chapel Hill, NC 27516
919-933-3388

www.drsaib.com

Dr. Saib practices all aspects of dentistry and specializes in creating beautiful smiles with cutting-edge cosmetic dentistry. A Hollywood smile is less than 24 hours away, with same day porcelain crowns, porcelain veneers and tooth-colored fillings. Dr. Saib can design and create your restoration in a single visit, giving you a gorgeous, natural looking smile. No more uncomfortable temporaries or return visits. Other services such as same day whitening and dental implants will give you long-lasting smiles that can make you look younger and feel good about your smile.
